

# THE NEW QUANTUM AC4

## THE QUIETEST, MOST ECONOMICAL AND EFFICIENT SOLAR HEAT PUMP YET!

The NEW 270L AC4 Quantum Solar Heat Pump is now available - even quieter, more efficient and has several further improvements over the AC3 model, whilst still utilising the same high quality of components, materials, technology and customer service.

**MORE** • Economical

**MORE** • Efficient

**MORE** • Hot Water Quicker

**LESS** • Noise

A NEW UNIQUE FEATURE!

With a built in timer and back up battery!

Product Improvements	Previous AC3 Model	New AC4 Model	Type	270L
Power Input*	0.986	0.98	kW	
Heat Output*	3.53	3.83	kW	
COP of Heating*	3.55	3.88		
Sound Level	52	48	dB	
Hot Water Production*	75	77	Ltrs per hr	

\*Based on ambient air temperature of 20°C (60% relative humidity); and water heated from 20°C to 60°C.
